

Need doctor? No interpreter? No problem!

...with on-line interpreting from
SignTranslate!

Live webcam link to BSL interpreter

No need to wait

No misunderstanding: interpreters fully qualified and know regional signs

How does it work?

- Doctor uses webcam on their computer
- You sign with interpreter through webcam
- Doctor talks to interpreter over the phone

Doctor pays: not expensive

Why not take this advert and show it to your doctor

Where?

- At doctor's surgery
- At hospital

Ask at surgery or check with us.
Doctors have access to SignTranslate now,
but may not know about it.
